ABOUT ME

My name is Niklavs Parolis, a 24-year-old enthusiast deeply involved in powerboat racing since 2011. Powerboat racing is my heart's passion and dedication. I am prepared to set new goals, demonstrating my ability to achieve even greater heights. My journey in powerboat racing began in the youth class JT-250. In 2016, I competed in both the youth JT-250 and the adult GT-30 classes, securing the position of Latvia's vice-champion. Transitioning to the adult Formula 4 class in 2017, I continued to pursue my dreams of victory, building on my accomplishments.

To adequately prepare for upcoming races and reach my goals, I seek both financial and material support. Your company stands to gain widespread advertising exposure in Latvia and internationally. Additionally, we can discuss featuring the powerboat at your company's events or in promotional material.

I eagerly await your response and the possibility of collaboration. Your support is crucial for me to turn my dreams into reality.

Together, success is within our grasp!

GOALS

My goal for the year 2025 is to break into the TOP 5 in both the European Championship and the World Championship. I am one step closer to this objective with the acquisition of a lighter boat hull, but this is just one step of the journey. To achieve the set goals, your support is essential.

BENEFITS

Your company will benefit from advertising on social networks, as well as in competitions both in Latvia and Europe, and we can also agree on exhibiting the boat at your company's events or advertisements. Tickets to competitions, where they are necessary.
